### RESPONSIBILITIES:

Liaise between RCMP and your neighbors

Go-to to activate patrols / road closures

Co-host with office – one event yearly to promote RCW and membership

## CRIME PREVENTION TIPS:

1. Walk around your property and look at it like a thief would. Good Lighting / Alarms #1 tip.
2. Get together as a community and get to know your neighbors. Build community relations.
3. Put valuables in discrete, uncommon areas – Not your bedroom or freezer.
4. Don't post on social media when you'll be gone. Post pics when you get back.
5. Don't have message on answering machine say you are gone.
6. Record serial numbers and/or pictures and keep in secure place for recovery. Mark tools and other property with distinguishable mark.
7. Audio alarms are good as well as driveway alarms.
8. Keep your contact info up to date with your alarm company.
9. Have a trusted friend / neighbor look in your property if you are gone and even move stuff around. Give them the security company's info and vice versa.
10. Close driveway gates even if you are home. Don't create a pattern that you only close them if you are gone.
11. Cloning and re-vin ing vehicles has been happening in our region with higher value vehicles. Check **with dealer** to make sure VIN matches what you are buying and check with registries office to make sure no liens. Get copy of D.L. of seller.
12. ID theft a big deal. Arrested an individual in Blackfalds with a significant amount questionable ID. Check your bank and credit card statements for weird – small purchases. REPORT. Police can't do anything if they don't know!! You can remain anonymous.
13. Report abandoned vehicles to county and report suspicious vehicles to RCMP.
14. Check your vehicle for a license plate AND THAT IT IS YOURS!
15. Put a distinguishing mark on cargo trailers, and equipment of all types for ID and return if stolen and recovered.
- 16. Get your wallet out and record / take picture of everything in it. Take out SIN, Birth Certificate and any other personal information you don't use on a regular basis, Record the info on the back of the cards as well. Then if it's lost / stolen, recovery won't be as difficult.**
