

Red Deer/Lacombe RCW Message: CBC Story on Scammers and a B.C. Senior

Posted May 23, 2017

Always use CAUTION!

"It's a growing problem, yet Go Public found, despite calls for a co-ordinated national agency to better investigate and shut down international cyber criminals, nothing has been done.

There are a number of national organizations aimed at combating various forms of cybercrime, but no single co ordinative body," RCMP spokesperson Sgt. Harold Pfleiderer tells Go Public in an email statement.
