

Enhanced Traffic Enforcement Efforts in Residential Areas of Cochrane

Posted April 1, 2019

Over the next few months Cochrane RCMP will be teaming up with Cochrane Municipal Enforcement conducting enhanced enforcement efforts in the residential neighbourhoods of Cochrane.

Officers will be targeting reckless driving behaviours such as Speeding, Distracted Driving, Intersections, Seat Belts, and Passing School Bus offences.

"Cochrane RCMP are dedicated to ensuring safe communities through partnerships," says Cpl. Troy Savinkoff of the Cochrane RCMP. "In the months leading up to this project we have been speaking to community leaders determining where and when our officers are most needed. We will be directing these enforcement efforts to meet these concerns."

Cochrane RCMP and Cochrane Municipal Enforcement remind drivers to drive safe ensuring the safety of all road users.

"Cochrane Municipal Enforcement thanks our partner agency in helping us ensure the safety of all Cochrane residents and visitors who share our roads, sidewalks and pathways."
