

Morinville RCMP seek to return extensive coin collection to its rightful owner

Posted February 15, 2017

The RCMP is hoping to find the owner of a coin collection, including a “Volunteer Service Medal” amongst other things. Recognizing both the monetary and the highly sentimental value this collection likely has, the RCMP is putting out this request for help.

Volunteer Service Medal

In December 2014, following an investigation into stolen property, a search warrant was executed at a rural residence outside of Morinville and a substantial amount of property was recovered by the RCMP. Ongoing efforts have been made to return all the property to rightful owners. It has been a lengthy exercise in sorting through property, cataloguing property for input into the RCMP file system, reviewing files, querying data bases and locating owners.

A coin collection containing a large variety of coins including Olympic coin sets remains unaccounted for. A photo of a 1939 – 1945 Volunteer Service Medal is attached to this news release. This Medal was amongst the coin collection and was awarded to someone who volunteered in the Canadian Military.

The RCMP is seeking information on who owns this property. A request is being made to the public that if you feel that the collection may be yours and you can identify items in the collection, call the Morinville RCMP Detachment at 780-939-4550 and ask for Constable Plamondon.
