

Ponoka RCMP seek assistance in returning wedding video

Posted June 2, 2018

The RCMP are in possession of a wedding video and are looking for help in returning it to its owner.

On May 29, a citizen turned in a DVD which was found in a ditch on Range Road 260. Recognizing that it may be of value to someone, it was brought to the RCMP in an effort to find the owners.

The information on the DVD indicates that this wedding occurred on July 23, 2005 between Kevin and Nancy. The wedding may have been held in a "Health Science Centre".

Efforts have been made by the RCMP to locate the owners, but given the age of the DVD and a lack of verifiable information, they have not had success. If anyone recognizes this couple, please contact the Ponoka RCMP Detachment at 403-783-4472 so the video can be reunited with the owners.
