

Thank you from Raven Rural Crime Watch

Posted April 6, 2017

Received a call from the Innisfail RCMP detachment Sgt thanking us for all the calls regarding suspicious activity that were received. Some of the calls led to some important connections and they were able to make some arrests.

So keep the calls coming if you see something that appears suspicious. No call is too minor in nature. Each call we make is logged and recorded. From these records, decisions can be made as to whether an increase in staffing in certain areas is required.

I read in the newspaper that Red Deer County is getting an extra RCMP officer who will be dedicated to rural property crimes. My guess is that he/she will be one busy person.

You may have noticed some extra signage going up in our Crime Watch areas. We are in the process of putting signs that read " All suspicious activity is reported" under the large Rural Crime Watch Area signs currently in place.

Thanks to all our members in their effort to decrease the incidents of property crime in our neighbourhoods.

Fred Grono, Vice President
