

Red Deer RCMP investigate theft of firearms

June 1, 2016

Red Deer RCMP are investigating a garage break-in where the thieves stole a gun safe containing 6 or 7 long barrel firearms.

The break-in occurred before 6 am on May 29 in the Oriole Park neighbourhood when unknown suspects pried open the side door to a detached garage that is accessible by the back alley and then opened the overhead door. A man was caught on camera driving up in a newer dark grey Dodge Ram truck with chrome accents and placing items from the garage in the back of the truck. The suspect drove away but returned shortly afterward accompanied by a second truck, a dark coloured Dodge Dakota.

Three or four Caucasian males wearing dark clothing loaded more items from the garage into the trucks, including the gun safe, and drove away.

RCMP continue to investigate. Please see attached surveillance photos.
