

Sundre, AB - Stolen Side by Side

Posted January 17, 2017

At approximately 1:00 AM on Thursday January 9, 2017, a red Arctic Cat Prowler 1000 side by side on tracks and with an attached snow blade on a black single axle trailer that has removable plywood sides was stolen from in front of a residence on 4 Street and 3 Avenue SW in Sundre.

The unit and trailer was attached to the victim's truck but thieves detached the trailer from the victim's truck and pushed the trailer and unit on its trailer leg until they had enough clearance to hook up their truck.

CCTV footage from a nearby hotel showed that the thieves were using a white crew cab pick up truck when they departed the area. A neighbour had also witnessed the thieves stop a short distance down the street from where it was stolen to strap down the side by side. The Alberta licence plate on the side by side is EUA53 and the trailer plate 4SE001.
