The following are summaries of a few of those calls.

In the early morning of March 7, 2016, West Country Sports was the victim to a break and enter. The cowardly thieves busted through the glass on the front doors and proceeded to help themselves to approximately \$2000 worth of merchandise prior to scurrying away. West Country reported that the damage to the door was approximately \$1000. If anyone has any information or has witnessed this activity please contact the Sundre RCMP at 403-638-3675 or Crimestoppers at 1-800-222-TIPS(8477)

In the early morning of March 12, 2016, Police were conducting a walk through at one of the local watering holes to ensure compliance with the Gaming and Liquor Act. Police wanted to make certain that there that no person was in a licenced establishment and still consuming liquor after 3am. One male decided that the rules didn't apply to him and wanted to finish his beer and game of pool. He became argumentative, belligerent and refused to comply with direction of the police officer. His behaviour provided him a few hours in the crow bar hotel and a \$175 ticket. An expensive beer and game of pool to say the least.

On March 16, 2016, Police were called to the area of Garrington Bridge as a local business man had effected a citizen's arrest on three adult males. The business owner had arrived at his work site near Westward Ho only to find trespassers using his heavy machinery. The business owner called police but the men fled in a vehicle. The determined business owner gave chase to where he was able to locate the men. He boxed in their vehicle and waited for police to arrive. The RCMP can appreciate the actions of the business owner but do not encourage or condone them. The safety of those involved as well as the public needs to be strongly considered as the subjected liability one may face should something go awry is great. The three men are facing charges of mischief and trespassing.
